To whom it may concern:

My name is Landon Wise, president of Wyscape, LLC. We are a landscape contracting company serving residential and commercial clients. Working in this field, we often have to rely on other contractors to tackle issues that are out of our hands. When it comes to tree service, there is only one company that I can trust.

Ben Smith and his crew at Kodiak Tree Service has been taking care of our arborist needs for 5 years now and we have never thought to go anywhere else. They have done everything from selective pruning of massive live oaks to removing an 80' hickory tree that was 8" from a roof line and not once have we encountered a problem.

The guys at Kodiak have always been on time and have worked hard on every job. Their prices and ideas have been nothing but honest. Kodiak's attention to detail is outstanding and they always leave their job site spotless. Kodiak Tree Service will, with out a doubt take care of you, as they have me.

If you would like additional information about Kodiak Tree Service, please give us a call.

Sincerely,

Landon Wise
President
